

AQUATICS

Our 2017 Dive team was led by Head Coach Carle Silvestri and Assistant Coach Lodge Nelson. The divers had a great season! We increased our dive participation this season. Our 2017 Tsunami swim team was led by our Co-Coaches Michael Cousins and Amanda Sheldon and our Assistant Coaches Emma Buckley and Emma Ford with some extra support from Ryan Densley. We won 4/6 of our dual meets. We said goodbye to five senior swimmers with one being awarded the Michael J. Stott Scholarship and one being awarded the newly added Chuck Kratzert Senior Scholarship.

The swimmers competed in the Red division of JRAC this year and took tenth place at Champs and eighth place overall in the league. Our swim team participation stayed strong this swim season and lots of fun was had by all. The swim/dive season included a fun pizza pep rally to start of the season, many themed practices and a very successful swim-a-long.

A huge thank you to our parents and members for their support of our swim and dive teams. Without the support of the volunteers these programs could not be offered to our kids. Thanks to our Swim and Dive coaches for a wonderful season!

Respectfully,

Anne Van Lenten

VP Aquatics

OPERATIONS

It was a busy off-season planning and prepping the facilities for the TCRC 2017 season. Manager Heather Heishman spearheaded many of the tasks required to get Three Chopt ready including prepping the Volleyball courts, prepping the supplies and staff, concession stand and the cleanout, cleaning and power washing the pool, deck furniture and pump houses, painting, updating the TCRC website and various other items. Several other TCRC members joined in to help ensure TCRC would be ready for opening day.

In addition to the prep work that was done, we had to repair the lower pool slides railing system, and repair one of the men's urinals. These needed repairs helped keep the facilities functioning properly.

There were several highs and lows during this year's 2017 season. The early part of the year was capped by several bouts of inclement weather and issues with the lower pool filtration which left members with a cloudy pool. This was resolved quickly and the pool season took off. Our Memorial and 4th of July Picnics were a huge success, largely due to our great volunteers and wonderful weather. The annual summer survivor's party was also a big hit despite the monsoon like weather. There were some 60+ people that enjoyed great food, beverages and company instead of letting Mother Nature "rain" on their parade. TCRC hosted a new event this year to close out the 2017 pool season, "The Dog Days of Summer". During this event, members and guests were allowed to bring their pets to swim for the remaining few hours the pool was open for a small fee. This event was a smashing success and we intend to continue this event for the foreseeable future.

Volleyball had our largest growth in 2017. We started and finished the year with 3 individual leagues using the courts. TCRC Volleyball committee is excited about next year's financial and physical growth, as we explore ideas to add lights to the courts in the back.

We would like to thank the membership and our manager for helping make 2017 another great season at TCRC. Your continued input helps TCRC grow in a successful direction. Please continue to provide input to our managers and if you observe something in passing, during the off season, please feel free to reach out to VPOPER@tcrclub.com.

Sincerely,

Adam Sheldon

VP Operations
